

Creative Dreams is a management and event planning company created in 2008 through the dreams and aspirations of two best friends and colleagues, Camille Bolton and Youdlyne Renard. The idea for **Creative Dreams** derived from the multitude of events that these two women have experienced, where they were able to observe different approaches to planning that may not have resulted in success in the end.

Armed with the knowledge and the experience, Camille and Youdlyne set out to create their own dream- planning and creating memorable events.

Both women stand by the motto :

***"Creative Dreams
Make Lasting Memories."***

Only providing the best customer service, events and management consultation!!!

Camille received a Master's degree in Sport Business with a concentration in Event Planning and Facility Management as well as a certification in Hospitality from Georgia State University.

Youdlyne received a Master's Degree in Sport Business with a concentration in Marketing, Sponsorship, and Promotion from Georgia State University.
